Summary

Computer Science student at KFUPM specializing in AI, Machine Learning, and Computer Vision. Proficient in Python, PyTorch, and deep learning frameworks. Participated in KAUST Academy AI program and led the Techathon hackathon. Seeking research and internship opportunities in AI.

Education

King Fahd University of Petroleum & Minerals (KFUPM) <i>B.Sc. in Computer Science</i>	Dhahran, Saudi Arabia <i>Aug. 2024 – Jun. 2028</i>
University of Prince Mugrin <i>B.Sc. in Artificial Intelligence (Transferred, GPA: 4.0/4.0)</i>	Medina, Saudi Arabia <i>Aug. 2023 – Jun. 2024</i>

Experience

KFUPM Computer Club <i>Marketing Team Member</i> – Planned and executed 5+ marketing campaigns for club events, increasing student engagement by 30%. – Produced 20+ promotional content pieces with a 6-member team, boosting social media reach by 25%. – Managed communications and event promotions for 3 major events, attended by 400+ students.	Dhahran, Saudi Arabia <i>Jan. 2025 – Present</i>
KFUPM Energy Week <i>Marketing Team Member</i> – Assisted in communications and photography during Energy Week attended by 500+ participants. – Created promotional visuals and collaborated with 4 teammates to enhance audience engagement.	Dhahran, Saudi Arabia <i>Jan. 2025</i>

Certifications

KAUST Academy — Advanced AI: Computer Vision, Image Segmentation, Object Detection, CNNs, Image Search (Feb 2025)
KAUST Academy — Introduction to AI: AI, Machine Learning, Deep Learning, PyTorch (Jan 2025)
DeepLearning.AI — Neural Networks and Deep Learning (Aug 2025)
DeepLearning.AI — Improving Deep Neural Networks: Hyperparameter Tuning, Regularization, Optimization (Feb 2025)
DeepLearning.AI — Linear Algebra for Machine Learning and Data Science (Aug 2024)
CS50 — Introduction to Programming with Python (Apr 2024)

Technical Skills

Programming: Python, Java, JavaScript, HTML/CSS
Frameworks & Tools: PyTorch, TensorFlow, Flask, FastAPI, Docker, Git
Libraries: NumPy, pandas, Matplotlib, scikit-learn, torchvision, OpenCV
AI/ML: Deep Learning, CNNs, GANs, Computer Vision, Image Segmentation, Object Detection, Image Search
Other: Communication, Marketing, Event Organization, Photography

Languages

Arabic: Native
English: Advanced
